MEMORANDUM FOR: Chairman, SECOM

FROM:

[REDACTED]
SECOM Member

25X1

SUBJECT: Information Security R&D [REDACTED]

25X1

REFERENCE: SECOM-D-055, dated 26 Feb 85, Same Subject

1. This memorandum is in response to SECOM tasking regarding subject. The appropriate Central Intelligence Agency (CIA) offices, which have principal responsibility for research and development in information security, have reviewed this memorandum. This report includes input from the CIA's Office of Security, Technical Security Division and the Information Systems Security Group. The Chairman, Research and Development Subcommittee will submit his report directly to Chairman, SECOM. Together, these inputs represent a comprehensive listing of Information Security R&D efforts in the CIA. [REDACTED]

25X1

2. Attached as Tab A is a listing of the specific R&D efforts which are being pursued in 1985. Attached as Tab B is a listing of the specific efforts which are planned for 1986 and 1987. Attached as Tab C is a priority listing of projects recommended for research and development which were not funded for 1985 and lack confirmed funding for 1986 and the following years. [REDACTED]

25X1

3. It would seem advisable that SECOM participants review appropriate sections of the Intelligence Research and Development Council Study, "Research and Development to Counter

25X1

SECRET

the Foreign Intelligence Threat," since it has an impact on the entire Community. The Chairman, Technical Security Counter-measures Subcommittee, [redacted] will be available for any questions which may arise before SECOM finishes its plan for submission to the Director of Central Intelligence. [redacted]

25X1

SUBJECT:

Information Security R&D

REF:

SECOM D-055

1. Chief TSD participated in the IR&DC study as did [redacted] and [redacted]. It would seem advisable to make sure SECOM participants see the appropriate sections of that study since it impacts on all of us. Much of what we have included here comes from a study ~~alone~~ by an independent contractor for ORD on the whole issue of integrated security related threats and the R&D needed to address them.

25X1

25X1

2. Responding to the referenced request for detailed information, we labeled the six (6) descriptors for "information security", A through F. These reference characters appear to the left of the project description. The appended descriptors below will be followed by the brief project information.

Attached is SECOM tasking regarding subject.

Addressees are requested to identify all information security R&D being done in FY-85 and planned for FY-86 and following years.

R&D projects that should be pursued in the information security area, but which were not formally requested because of budgetary constraints, should be identified and ranked in priority order.

Please provide your response to the Policy and Plans Group by COB, Tuesday, 19 March 1985. Direct any questions to [redacted]

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-055

26 February 1985

MEMORANDUM FOR: SECOM Members
Chairman, R&D Subcommittee

FROM:

Chairman

25X1

SUBJECT: Information Security R&D

25X1

1. In response to tasking by the Deputy Director of Central Intelligence, the Intelligence Research and Development Council prepared a study of research and development to counter the foreign intelligence threat. This study recommended, inter alia, that the Security Committee review Community-wide information security R&D requirements and submit a plan for DCI approval by spring 1985. The study identifies information security as including:

25X1

2. The object of the SECOM review and plan is to gather data supportive of a recommendation for increased R&D funding in this area. These data need to identify what is being done and planned with existing funds, and what else

25X1

SECRET

SECRET

needs to be done, in priority order, without regard to existing funding levels. Some data bearing on this were obtained in connection with plans for FY-85 SECOM R&D using budgeted funds. Responses covered only a few of the areas identified above.

25X1

3. Addressees are requested to identify all information security R&D being done in FY-85 and planned for FY-86 and following years. As a separate item, R&D projects that should be pursued in the information security area, but which were not formally requested because of budgetary constraints, should be identified and ranked in priority order. Responses by 22 March 1985 would be appreciated.
